## INTRODUCTION

The purpose of this plan is to ensure that the City of Elkhart creates reasonable, accessible paths of travel in the public right-of-way for everyone, including people with disabilities. The City of Elkhart has made a significant and long-term commitment to improving the accessibility of its pedestrian facilities. The Transition Plan identifies physical barriers and prioritizes improvements that should be made throughout the City of Elkhart. This Transition Plan describes the existing policies and programs to enhance overall pedestrian accessibility.

### TRANSITION PLAN HISTORY AND OVERVIEW

All street projects since 1990 have included curb ramps. Many public works projects since 1990 have been expanded to include all sidewalks curb and cross walks as part of the projects. Since 1990 over 45,000 feet of sidewalks have been replaced and 221 ramps have been installed. The City of Elkhart has had an active Sidewalk Replacement Program since 2000 and replaces approximately 10,000 feet of sidewalks with 80 curb ramps per year. This program demonstrates the continued progress by the City of Elkhart to make their pedestrian facilities reasonably accessible for all persons. This formal Transition Plan to identify right-of-way barriers and prioritize improvement was started in 2011. The Transition Plan to identify and improve barriers in programs and services, and facilities was started in early 2012.

### TRANSITION PLAN COMMITTEE

The Transition Plan Committee was created in 2011 and is comprised of various professionals employed by the City of Elkhart. The Committee includes the City Engineer, Michael C. Machlan, Right-of-Way Engineer and ADA Coordinator, Leslie Miller, GIS and Records Manager, Matthew Heineman, Human Relations Department Head, Traci Porter, Utility Staff Attorney Margaret M. Marnocha, Street Commissioner, Marty Morgan, Legal Assistant, Michelle Goodman and Engineering Tech, Josh Ehmer.

## LEGAL REQUIREMENTS

The federal legislation known as the American with Disabilities Act (ADA), enacted on July 26, 1990, provides comprehensive civil rights protections to persons with disabilities in the areas of employment, state and local government services, and access to public accommodations, transportation, and telecommunications.

Title II of the ADA specifically applies to state and local governments, referred to as “public entities,” and their programs and services. Title II Article 8, requires public entities to take several steps designed to achieve compliance. The Transition Plan used to implement compliance must include:

1. A list of the physical barriers in a public entity's facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities.
2. A detailed outline of the methods to prioritize the barriers removal and make the facilities accessible.
3. The schedule for taking the necessary steps to achieve compliance with Title II.
4. The name of the official responsible for the plan's implementation.

This Transition Plan provides a method for the City of Elkhart to schedule and implement ADA required improvements to existing streets and sidewalks. Before the transition plan could be developed, an inventory of the current curb ramps and sidewalks had to be developed.

## IDENTIFIED OBSTACLES TO THE PUBLIC RIGHT-OF-WAY

The City of Elkhart has a two-tiered system to identify and assess obstacles in the public right of way: 1) a Preliminary Evaluation of the intersections including the curb ramps and adjacent sidewalks and a Preliminary Estimate of the remaining sidewalks; and 2) a Detailed Evaluation. The barriers used in the evaluations are based on the *Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way* (ADA Guidelines) from the U.S. Architectural and Transportation Barriers Compliance Board.

### PRELIMINARY EVALUATION

The Preliminary Evaluation of the intersections was completed in 2012. The purpose of this evaluation is to determine which intersections are obviously non-compliant to the ADA Guidelines, get the highest priority intersections under construction as soon as practical, and to get a comprehensive overview of the complete pedestrian network. The preliminary inventory evaluates three (3) criteria for curb ramps and three (3) criteria for the adjacent sidewalks:

#### **Curb Ramps**

1. Is there a curb ramp?
2. Does the curb ramp have a color contrasting detectable warning?
3. Does the curb ramp have a clear landing at the top of the ramp?

#### **Sidewalks**

1. Is there a continuous clear space for pedestrian access?
2. Does the sidewalk appear to provide adequate passing zones?
3. Does the sidewalk appear to be smooth without grade breaks?

The Preliminary Evaluation utilizes aerial and street-level photography to view each intersection. The criteria used can be seen on these aerials and are key design components to determine ADA compliance. If the curb ramps and sidewalks do not meet the criteria, then that intersection does not need further evaluation because it is obviously not

compliant with the ADA Guidelines. If it did meet the criteria, then that intersection would be “potentially compliant” and would need a Detailed Evaluation to determine if it fully complies with the ADA Guidelines.

The Preliminary Estimation of the remaining sidewalks was completed in 2012 and is discussed in Attachment A.

### DETAILED EVALUATION

The second tier is a Detailed Evaluation consisting of: 1) the intersections identified as “potentially compliant” during the Preliminary Evaluation and 2) the remaining sidewalks. This requires fieldwork at the intersections and the remaining sidewalks and includes measuring of specific physical attributes, such as width, running slope, gaps in the curb ramp or sidewalk, and evaluating mechanical elements for signalized intersections to determine compliance to the identified ADA barriers. For a description of the identified barriers see Attachment A. When the data is gathered, it is recorded into an intersection database<sup>1</sup>. The result from this evaluation is a detailed understanding of the ADA barriers at that intersection. The Detailed Evaluation for curb ramps began in the summer of 2011 and will continue until completed. While the curb ramp evaluation continues, the sidewalk and crosswalk evaluation will begin. Elkhart’s Detailed Evaluation is ongoing and is scheduled to be completed in 2014.

## REMOVING BARRIERS

### METHODS

The City of Elkhart utilizes many different approaches in removing barriers in the public right-of-way, including proactively identifying and eliminating the barrier; responding to public grievances; and ensuring the appropriate design and build-out of new construction following the most recent design guidelines.

### PRIORITIES

The City of Elkhart bases barrier removal priorities on a number of factors: special request, location, condition, priority ranking, cost effectiveness, and any other pertinent considerations of the removal.

#### Special request

Elkhart will attempt give priority to any site where a disabled person has requested help.

---

<sup>1</sup> The database is quite large and is constantly updated; it is not feasible for it to be included in the text of this ADA Transition Plan. The database may be made available for public review by advanced written request to the ADA Coordinator. The database, current as of December 1, 2012, is included in the Common Council Resolution adopting this Transition Plan.

**Location Priority**

According to the *Accessible Rights-of-Way: A Design Guide*, “the DOJ regulation imposes a specific construction requirement...specifies a priority for locating (curb ramps) at: State and local government offices and facilities; transportation; places of public accommodation; places of employment; and other locations.” Following this guidance, the City identified its location priority as follows:

1. Intersections serving government facilities,
2. Intersections serving commercial and employment centers, and
3. Intersections serving other areas.

**Accessibility Condition**

Using the data from the Preliminary Evaluation and the Detailed Evaluation, the accessibility condition, or Access Grade, can be determined. Points are assigned to the identified ADA barriers and calculated for each intersection. This will give the intersection an overall Condition Score for accessibility. The Access Grade assesses the Condition Score out of the total possible points and assigns a letter grade. This letter grade is A through E, A being the most accessible and E being the least accessible.

**Priority Rank**

In order to determine the overall priority of an intersection, or Priority Rank, the City uses the following matrix to match the location priority to the Access Grade.

		Location Priority		
		1	2	3
Access Grade		Locations serving Government Facilities	Locations serving Commercial & Employment Centers	Locations serving Other Areas
	E		1E	2E
D		1D	2D	3D
C		1C	2C	3C
B		1B	2B	3B
A		1A	2A	3A

**Priority Rank Levels**

High	Medium	Low
------	--------	-----

The City of Elkhart determines the priority of improvements by identifying which of the groupings are high, medium, or low priorities. A listing of priority intersections

and a map,<sup>2</sup> that shows which intersections are high, medium, and low priorities for barrier removal, are in Attachment B.

### Cost Effectiveness

After a letter grade is given to the intersection, the cost is determined and each intersection within a specific grade is then prioritized using the cost factors. The cost factors will attempt to maximize the work accomplished for the construction dollars spent.

As the Detailed Evaluation of sidewalks and traffic signal equipment is completed, a priority rank will be determined and integrated into the intersection priority ranking.

## POLICIES

### Public Grievance Process

The public grievance process is an integral part of the Transition Plan. Public grievances or requests may often drive the prioritization of improvements. To file a grievance or a request regarding accessibility of a sidewalk or curb ramp, contact the ADA Coordinator in writing and describe the issue in detail, including the location. If the person filing the grievance needs assistance in providing the ADA Coordinator with a written grievance, assistance will be given upon request. The ADA Coordinator will route this information to the appropriate City of Elkhart department for inspection and possible action. That department will then respond to the ADA Coordinator with its findings, and the ADA Coordinator will record the formal response and reply to the complainant or requestor. All grievances, requests and responses will be kept on file. Attachment C is a copy of the City of Elkhart's Grievance Procedure under the Americans with Disabilities Act.

### New Construction & Alterations

In order to ensure that the correct design of curb ramps, sidewalks, and crosswalks are applied in new construction and alterations, the City of Elkhart has adopted the *Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way*. (See Resolution R-49-11 in Attachment C.) Intersection improvement projects or new construction projects that affect curb ramps, sidewalks, and crosswalks will be built to these ADA design guidelines, where feasible and reasonable.

### Reporting

Elkhart is using two methods to help keep the public and city officials up to date with the progress that has been made in removing barriers.

---

<sup>2</sup> The map is constantly updated and may be currently out-of-date from this plan. An updated map may be made available for public review by advanced written request to the ADA Coordinator.

First Method: The Public Works Department will submit an annual report to the City of Elkhart Board of Public Works. The report will summarize accomplishments from the previous year, plans for the current year and any anticipated challenges that need to be addressed.

Second Method: The City of Elkhart Website has a separate section devoted to ADA rules, plans, contact information, policies, ordinances, and reports. The Annual Report to the Board of Public Works will also be posted here for public review.

## TRAINING

The City of Elkhart has begun an extensive training program to ensure that its staff is prepared for implementation of the ROW transition plan. The plan considers different types of training based upon the level and type of involvement of each staff member with the ADA Transition Plan implementation. After the initial training, follow-up training will be provided on an annual basis.

### Committee Training

The Transition Plan Committee Members attended or presented the following seminars from 2011 through 2012:

1. ADA Transition Plan Workshop (MACOG)
2. 98th Annual Purdue Road School – ADA Sessions
3. ADA Self-Evaluation & Transition Plan Seminar (DLZ)
4. ADA Symposium (Great Plains ADA Center)

### Overview Training

Department Heads and key management staff attended an in-house seminar in May 2012, covering the law and practical applications of the elements of the law.

### Design Staff Training

In the spring of 2012, Design Personnel attended a seminar covering current ADA design practices and techniques to improve construction plans preparation and review as they relate to ADA Compliance.

### Inspection Staff Training

Inspection personnel and code enforcement personnel are scheduled to attend a seminar covering inspection techniques for ADA Compliance. The training is scheduled for winter 2012/2013.

### Construction Staff Training

Sidewalk Program crews, Street Department managers, and inspection personnel are scheduled to attend a training session in the spring of 2013. The seminar will include the techniques used to install sidewalks, curb ramps and other ROW appurtenances that comply with ADA regulations.

Training for implementation of the Transition Plan for Programs and Services, and Facilities is discussed within that Plan.

## ESTIMATED CONSTRUCTION COSTS

The estimated cost for implementing this Transition Plan is:

**\$7,480,000**

The City used the Preliminary Evaluation information from MACOG and its own investigation to estimate the cost for implantation in 2012 dollars. The quantities for the estimate will be refined as the detailed evaluation is completed. Actual costs may be reduced if the schedule allows the City's Street Department to perform a significant amount of the construction and modification work.

The estimated costs were based on three major areas of work as follows:

1. Upgrading 98 signalized intersections: \$1,183,000
2. Upgrading 3,733 Ramps: \$2,945,000
3. Upgrading 230 miles of sidewalks: \$3,352,000

The estimates are based on current construction costs and estimated quantities shown in Attachment A and do not include any costs for training, data acquisition or data management.

## SCHEDULE

The City of Elkhart will make reasonable efforts to improve the accessibility of pedestrian facilities in the public right-of-way by appropriating funding specifically for ADA compliance through the Common Council. The Council will determine the appropriate amount to spend each year. As stated in the *Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way*, "compliance is required to the extent practicable within the scope of the project." There will be times when it is technically infeasible to provide technical compliance. For example, if clear space at the top of the ramp is obstructed by a

building or the slope of a hill is so extreme as to prevent a reasonable slope for a ramp in both directions, an improvement in accessibility may not be possible. The inventory process may not account for such situations and could show a high-priority rating when all feasible actions have been taken. The City of Elkhart will choose areas with high priority and solvability where feasible before moving on to lower priorities unless a specific request is made by the public.

Additionally, given a program as broad and comprehensive as the City of Elkhart's pedestrian network, the City of Elkhart will follow the concept of Program Access under Title II of the ADA. Program Access does not necessarily require a public entity to make each of its existing facilities accessible to and usable by individuals with disabilities, as long as the program as a whole is accessible. Under this concept, the City of Elkhart may choose not to install a sidewalk at some locations (or to install them as a lower priority later), as long as a reasonable path of travel is available even without the sidewalk.

## RESPONSIBLE INDIVIDUAL

The official responsible for the implementation of the City of Elkhart's ADA Transition Plan for the pedestrian facilities in the public right-of-way is:

Leslie Miller  
Right-of-Way Engineer  
1201 S Nappanee Street  
Elkhart, IN 46516

Email: [leslie.miller@coei.org](mailto:leslie.miller@coei.org)  
Phone: (574) 293-2572  
Fax: (574) 293-7658  
TTY: 1-800-743-3333

## PUBLIC INPUT

The City of Elkhart provided opportunities for individuals to comment on this Transition Plan, which included:

- Document copies available and notices sent to local public libraries
- Document made available on the City of Elkhart's website
- Open house and presentation at a public meeting on September 12, 2012.
- Document copies available at Elkhart Public Works

The City of Elkhart published legal notices in the Elkhart Truth on August 31, 2012 and September 7, 2012. On September 9, 2012, a prominent advertisement was placed in the Elkhart Truth. A copy of that advertisement is attached as Attachment E. The legal notices announced the availability of the Transition Plan draft at the Elkhart Public Works with easy public access. Invitations were sent to all City of Elkhart Boards, Commissions and the Common Council along with a number of special interest groups. These notices also provided instructions regarding the timetable for comments and where to send them.

Public comments were accepted for a period of no less than 30 days, ending October 15, 2012. Public comment form is available on Attachment D.

Formal adoption of the Transition Plan by Common Council Resolution is scheduled to take place on December 17, 2012. It is available on the website and by written formal request to the ADA Coordinator.

# ATTACHMENT A

## 1.ADA GUIDELINES USED IN DETAILED EVALUATION

## 2.COST ESTIMATING

### ADA GUIDELINES USED IN DETAILED EVALUATION

The following is a summary of the key elements used to determine compliance. It does not represent a complete list.

#### Curb Ramps

In evaluating the accessibility of existing curb ramps, the following factors were considered:

1. Is there a curb ramp?
  2. Is there a curb ramp where a sidewalk crosses a street?
  3. What type of curb ramp?
    - a. Perpendicular curb ramp
    - b. Parallel curb ramp
    - c. Blended transitions
  4. Is the width of the curb ramp at least 4 feet wide (excluding flares)?
  5. Are there detectable warnings properly installed where a curb ramp or blended transition connects to a street?
  6. Is the running slope less than 8%?
  7. Is the cross slope less than 2%?
  8. Is the landing a minimum of 4 feet x 4 feet?
  9. Is the surface of the curb ramp or blended transition firm, stable, and slip resistant and clear of gratings, access covers, and other appurtenances?
  10. Is the grade break at the top and bottom of the ramp flush and not located on the surface of the curb ramp, landing, or gutter areas?
  11. Is the counter slope of the gutter or street at the foot of the curb ramp less than 5%?
  12. Is the clear space beyond the curb face at least 4' x 4'?
  13. If the curb ramp is perpendicular, is the slope of the flared sides less than 10% where a pedestrian path crosses the curb ramp or if the sides are returned, are they protected from cross travel?

#### Sidewalks

In evaluating the accessibility of existing sidewalks, the following factors were considered:

1. Is there a sidewalk at each corner?
2. Is there at least 4 feet of continuous and unobstructed clear width of a sidewalk (excluding the curb width)?
3. If the continuous width is less than 5 feet, are the passing spaces at least every 200 feet along the sidewalk that are 5 feet wide or greater?
4. Is the cross slope of the sidewalk less than 2%?
5. Where the sidewalk is adjacent to the street, does the grade of the sidewalk not exceed the general grade of the street?
6. Is the surface of the sidewalk firm, stable, and slip resistant?

7. Are any gaps in the surface less than ½ inch?
8. Is the sidewalk clear of grates or are the grates compliant?
9. Is the sidewalk clear of protruding objects? If there is a protruding object is:
  - a. the leading edge of that object less than 27 inch and more than 80 inch above the ground, or
  - b. the protrusion less than 4 inches into the travel path of the sidewalk, or
  - c. a barrier is provided no more than 27 inches from the ground where the vertical clearance is less than 80 inches.

### Crosswalks

In evaluating the accessibility of existing crosswalks, the following factors were considered:

1. Is there a crosswalk that connects two sidewalks across a street?
2. Is the width of the marked crosswalk at least 6 feet?
3. Does the cross slope of the crosswalk meet the following guidelines:
  - a. If the crosswalk is crossing a street with a stop control, is the cross slope less than 2%?
  - b. If the crosswalk is crossing a street without a stop control, is the cross slope less than 5%?
4. Is the running slope of the crosswalk less than 5%?
5. If the crosswalk crosses a median, is the length of the median at least 6 feet and does it contain detectable warnings located at curb line or edge of the roadway?
6. If the intersection signalized, does it have a pedestrian signal, if so, does the pedestrian signal phase allow enough time for a walking speed of 3.5 ft/sec?

### Signalized Intersections

In evaluating the accessibility signalized intersection, the following factors were considered:

1. Is there a crosswalk that connects two sidewalks across a street?
2. Status of Pedestrian Signals:
  - a. Does one exist?
  - b. Does it have a count-down warning?
  - c. Is it button-activated?
  - d. Do the buttons meet ADA requirements?
  - e. Is there enough time allocated to the crossing phase?

## COST ESTIMATING

### Intersections Upgrade Cost

1. Twenty-four (24) need pedestrian heads (8 heads per intersection).
  - a. \$1,000 per head (including wiring).
  - b. Cost \$192,000.
2. Sixty-two (62) need count-down pedestrian heads (8 heads per intersection).

- a. \$800 per head average cost.
- b. Cost \$396,800.
3. Eighty (80) need improved curb ramps (8 heads per intersection).
  - a. \$928 per ramp average cost.
  - b. Total cost \$593,920.

Total Intersection Upgrade Cost: **\$1,183,000**

### Curb Ramp Upgrade Cost

1. Total number of sidewalk ramps in the City: 3733.
2. Number of ramps needing upgrades:
  - a. Assume 15% currently meet the ADA requirements.
  - b.  $3,733 \times 0.85 = 3,173$  need upgrades.
3. Cost per ramps (see chart below).

	Dimensions	Area (L xW/9)	Unit Price	Item cost(rounded)
Ramp 5'x5'	5' x 5'	2.78	\$115/Sy	\$320
Landing 5'x5'	5' x 5'	2.78	\$41/Sy	\$114
Approach 5'x20'	5' x 20'	11.11	\$41/Sy	\$456
Roadway Modifications (25%of time )	5' x 10'	5.56	\$27/sy/4	\$ 38
	<b>TOTAL</b>	<b>RAMP COST</b>		<b>\$928</b>

Total Ramp Upgrade Cost: **\$2,944,544**

**Sidewalk Upgrade Cost**

Total Length of Sidewalks (citywide) is 1,219,312 feet, or 227 miles.

1. Preliminary Estimation of sidewalk condition by using current conditions of randomly-selected block sections of sidewalk.
  - a. Location: 1100 Block of Bower.
    - i. Length of sidewalk 890 ft.
    - ii. Number of sidewalk section to be replaced 24
  - b. Location: 1800 Block of Stevens
    - i. Length of sidewalk 753 ft.
    - ii. Number of sidewalk section to be replaced 2
  - c. Location: 1100 Block of Erwin
    - i. Length of sidewalk 870 ft.
    - ii. Number of sidewalk section to be replaced 30
  - d. Location: 700 Block of Hubbard
    - i. Length of sidewalk 828 ft.
    - ii. Number of sidewalk section to be replaced 13
  - e. Location: 100 Block of Kenyon
    - i. Length of sidewalk 1009 ft.
    - ii. Number of sidewalk section to be replaced 36
2. Replacement Factor:
  - a. 105 section need replaced.
  - b. 4,350 feet surveyed.
  - c.  $135/4,350 = 0.02414$ .
3. Estimated number of section of sidewalk needed to be replaced citywide:
 

$1,219,312 \times 0.02414 = 29,434$  sections
4. Cost of replacement:
  - a. Section area  $5' \times 5' = 25$  square feet
  - b. Total area of replacement:
    - i.  $25 \times 29,434 = 735,855$  square feet
    - ii.  $735,855 \div 9 = 81,762$  square yards
  - c. Total Cost:
    - i.  $81,762 \times \$41$

Total Sidewalk Upgrade Cost: **\$3,352,000**

**A RESOLUTION OF THE COMMON COUNCIL  
OF THE CITY OF ELKHART, INDIANA ADOPTING  
THE AMERICANS WITH DISABILITIES ACT (ADA)  
ACCESSIBILITY GUIDELINES FOR STANDARDS  
FOR ACCESSIBLE DESIGN AND GUIDELINES FOR  
PEDESTRIAN FACILITIES IN THE PUBLIC RIGHT-OF-WAY**

**WHEREAS**, the Federal government enacted the Americans with Disabilities Act of 1990 (ADA) to prevent discrimination of the physically and mentally disabled relating to employment and access to public facilities; and

**WHEREAS**, Title II of the ADA requires that municipalities adopt the Americans with Disabilities Standards for Accessible Design that provide accessibility, through proposed structural modifications to remove accessibility barriers; and

**WHEREAS**, Title II of the ADA recommends that municipalities adopt the Americans with Disabilities Guidelines for Pedestrian Facilities in the Public Right-of-Way that provide accessibility, through proposed structural modifications to remove accessibility barriers; and

**WHEREAS**, the United States Department of Justice recently modified the ADA Standards for Accessible Design and the Guidelines for Pedestrian Facilities in the Public Right-of-Way in 2010 and 2011, respectively; and

**WHEREAS**, the City of Elkhart, Indiana, remains committed to the ADA and the elimination of barriers to public facilities; and

**NOW, THEREFORE, BE IT RESOLVED** that the Common Council of the City of Elkhart, Indiana hereby adopts the 2010 Americans with Disabilities (ADA) Standards for Accessible Design and 2011 Guidelines for Pedestrian Facilities in the Public Right-of-Way, a copy of which shall be filed with and maintained by the City Clerk.

**PASSED, APPROVED AND ADOPTED** this 19<sup>th</sup> day of December, 2011.

**RESOLUTION NO. R-50-11**

**A RESOLUTION OF THE COMMON COUNCIL  
OF THE CITY OF ELKHART, INDIANA  
ADOPTING THE AMERICANS WITH DISABILITIES ACT (ADA)  
ADA COORDINATOR AND PROCEDURES**

**WHEREAS**, the Federal government enacted the Americans with Disabilities Act of 1990 (ADA) to prevent discrimination of the physically and mentally disabled relating to employment and access to public facilities; and

**WHEREAS**, in compliance with Title II of the ADA the City of Elkhart, Indiana, shall name an ADA Coordinator; and

**WHEREAS**, in compliance with Title II of the ADA the City of Elkhart, Indiana, shall adopt a grievance procedure for resolving complaints alleging violation of Title II of the ADA; and

**WHEREAS**, in compliance with Title II of the ADA the City of Elkhart, Indiana, shall publish notice to the public regarding the ADA;

**WHEREAS**, in compliance with Title II of the ADA the City of Elkhart, Indiana, shall post the ADA coordinator's name, office address, and telephone number along with the ADA Notice and ADA grievance procedure on its website.

**NOW, THEREFORE, BE IT RESOLVED** by the City of Elkhart, Indiana:

The Right-of-Way Engineer, or the City Engineer's designee, is designated as the ADA Coordinator for the City of Elkhart, Indiana.

The Notice under the Americans with Disabilities Act, a copy of which is attached hereto and as revised from time to time, is adopted as the City of Elkhart, Indiana, Notice under the Americans with Disabilities Act.

The City of Elkhart, Indiana, Grievance Procedure under the Americans with Disabilities Act, a copy of which is attached hereto and as revised from time to time, is adopted as the grievance procedure for addressing complaints alleging discrimination on the basis of disability in the provision of services, activities, programs or benefits by the City of Elkhart, Indiana.

In compliance with Federal and State laws as set forth above, the Common Council resolves to post the required information regarding the ADA coordinator, Notice under the Americans with Disabilities Act, and City of Elkhart, Indiana, Grievance Procedure under the Americans with Disabilities Act on its website and at such other locations as may be determined from time to time.

**PASSED, APPROVED AND ADOPTED** this 19<sup>th</sup> day of December, 2011.

## **The City of Elkhart, Indiana Grievance Procedure under the Americans with Disabilities Act**

This Grievance Procedure is established to meet the requirements of the Americans with Disabilities Act of 1990 ("ADA"). It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provision of services, activities, programs, or benefits by the **City of Elkhart, Indiana**. The City's Personnel Policy governs employment-related complaints of disability discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number of complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.

The complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than 60 calendar days after the alleged violation to:

**Ms. Leslie Miller  
ADA Coordinator and Right-of-Way Engineer  
1201 S. Nappanee St., Elkhart, IN 46516**

Within 15 calendar days after receipt of the complaint, *Leslie Miller* or her designee will meet with the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the meeting, *Leslie Miller* or her designee will respond in writing, and where appropriate, in a format accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of the **City of Elkhart, Indiana**, and offer options for substantive resolution of the complaint.

If the response by *Leslie Miller* or her designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the **Board of Public Works** or its designee.

Within 30 calendar days after receipt of the appeal, the **Board of Public Works** or its designee will meet with the complainant to discuss the complaint and possible resolutions. Within 30 calendar days after the meeting, the **Board of Public Works** or its designee will respond in writing, and, where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.

All written complaints received by *Leslie Miller* or her designee, appeals to the **Board of Public Works** or its designee, and responses from these two offices will be retained by the **City of Elkhart, Indiana**, for at least three years.

**RESOLUTION \_\_\_\_\_**

**A RESOLUTION OF THE COMMON COUNCIL  
OF THE CITY OF ELKHART, INDIANA  
ADOPTING THE AMERICANS WITH DISABILITIES ACT (ADA)  
TRANSITION PLANS**

---

**WHEREAS**, the Federal government enacted the Americans with Disabilities Act of 1990 (ADA) to prevent discrimination of the physically and mentally disabled relating to employment and access to public programs, services and facilities; and

**WHEREAS**, Title II of the ADA requires that municipalities develop and adopt Transition Plans which document physical barriers to accessibility, propose modifications to remove those barriers, and a schedule to complete the modifications; and

**WHEREAS**, the City of Elkhart, Indiana adopted Resolution R-49-11 pertaining to ADA Standards for Accessible Design and Guidelines for Pedestrian Facilities in the Public Right-of-Way; and

**WHEREAS**, the United States Department of Justice recently modified the ADA Standards for Accessible Design and the Guidelines for Pedestrian Facilities in the Public Right-of-Way in 2010 and 2011, respectively; and

**WHEREAS**, the City of Elkhart, Indiana remains committed to the ADA and the elimination of barriers to public program and services, and facilities; and

**WHEREAS**, a Transition Plan for the pedestrian network and a Transition Plan for programs, services, and facilities have been prepared that reflect current municipality infrastructure and ADA design standards, referred to as the “ADA Transition Plan: Pedestrian Facilities in the Public Right-of-Way” and the “ADA Transition Plan: Programs and Services, and Facilities;”

**NOW, THEREFORE, BE IT RESOLVED** that the Common Council of the City of Elkhart, Indiana hereby adopts the ADA Transition Plan: Pedestrian Facilities in the Public Right-of-Way and the ADA Transition Plan: Programs and Services, and Facilities, a copy of which shall be filed with and maintained by the City Clerk.

**PASSED, APPROVED AND ADOPTED** this \_\_\_\_\_ day of December, 2012.

# Captive U.S. soldier safe, says Haqqani

Army Sgt. Bowe Bergdahl has been held since 2009.

**KATHY GANNON**  
Associated Press

ISLAMABAD — A U.S. soldier held by Afghan militants will not be harmed despite the Obama administration's decision to declare his alleged captors a terrorist group, a senior member of the Pakistan-based Haqqani network told The Associated Press on Saturday. However, the United States and NATO can expect stepped up attacks, he said.

The commander, who spoke by telephone from an undisclosed location, denied that the Haqqanis held the only American prisoner of war of the Afghan conflict, Army Sgt. Bowe Bergdahl, as the U.S. believes. He did however say that Bergdahl was a captive of another branch of the Taliban, and denied earlier reports that the 26-year-old soldier from Hailey,

Idaho, was in danger.

"I deny the remarks ... that this will endanger the life of the American soldier," the commander said, speaking on condition he not be identified because field commanders fear being targeted if their identities are known.

"We are not cowards and we consider it as coward to harm prisoners," he said.

The U.S. says that Bergdahl has been held by the Pakistan-based Haqqanis since 2009. However, the commander suggested he was with militants on the other side of the Afghan-Pakistan border.

"The American soldier is with the Emirate center (a reference to Taliban based inside Afghanistan) ... The Americans also know it."

He said the Taliban leadership council previously issued instructions to its commanders, including those belonging to the Haqqani network, not to harm prisoners.

## In mystified of Iraqi family

place at the wrong time, was also killed in Wednesday's rampage.

French prosecutor Eric Maillaud, based in Annecy near the site of the killing, told a press conference there Saturday that each of the dead was shot twice in the head — one more time than previously stated — in addition to an undisclosed additional number of times elsewhere.

Autopsies on the bodies were completed late Friday, Maillaud said, adding that the bodies of the victims will be returned to their family "as soon as possible."

Maillaud remained tight-lipped throughout Saturday's news conference, saying he was "at the limits" of what he could publicly disclose. But he confirmed that France has asked Italy and Switzerland to assist in the hunt for whoever is responsible for the shootings, which took place just a short drive from the borders of both countries.

French investigators arrived in Britain on Friday night, and police on Saturday snapped pictures of the al Hilli home in the village of Claygate, a London suburb in the county of Surrey. Some officers entered the house in protective suits, while other carried boxes with equipment and evidence bags into an investigation tent erected outside.

Authorities in Britain, too, revealed few details. The French police who had traveled to Surrey spoke only to praise cooperation with their U.K. counterparts.

City of Elkhart

**ADA**

**Americans with Disabilities Act  
Public Meeting**

**September 12, 2012**

**5:00 - 7:00 P.M.**

**High Dive Park Pavilion  
500 E. Beardsley, Elkhart, Indiana**

The City of Elkhart invites all interested residents to come to the ADA public meeting. We will be sharing efforts the City is making on becoming ADA compliant and we will have our ADA Transition Plan available for comment and review.

*Public comment will be accepted and encouraged.*
