Information on Curbside Recycling

Residential Mixed Paper
Newspapers, magazines and catalogs, inserts, office and copy paper, junk mail, paper bags, telephone books, computer paper, and other papers may be recycled. Corrugated cardboard and paper boxes such as cereal boxes, show boxes, or beverages cartons may also be recycled. Contaminated paper, soiled napkins, carbon paper, or envelopes with plastic windows may not be recycled.

Glass Bottles and Jars
Green, brown, and clear glass may be recycled. Pyrex, light bulbs, plate glass, drinking glasses, ceramics auto glass, tempered glass, or mirrors may not be recycled.
1. Remove all lids and rinse
2. Labels and rings can be left on
3. Do not break

Plastic Bottles
Plastic bottles, jugs and containers coded #1 through #7, however, please DO NOT include expanded polystyrene products such as packing popcorn or peanuts. Please look for the triangle code on the back or bottom of the plastic item to make sure the item is recyclable. Containers that had motor oil, antifreeze, pesticides, or herbicides, plastic lids, polystyrene, plastic wrap and plastic bags may not be recycled.
1. Remove all lids and rinse
2. Labels can be left on

Cans
Aluminum, steel, tin and bi-metal cans may be recycled. Cans that have contained pesticides, herbicides, or paint, aluminum foil, disposable aluminum pie plates, or pie tins may not be recycled.
1. Rinse
2. Labels may be left

Batteries
Household dry-cell batteries (but not lead-acid batteries, such as those used in automobiles, motorcycles, lawnmowers, or boats). Place these in a zip-lock bag.

Extra Guidelines
1. All residential mixed paper should be placed in one container and all other recyclables can be mixed in the other recycling container.
2. All items must be placed in recycling bin; or separated and stacked neatly next to the curbside bin.
3. Recycling bins will be picked up at the curb only, not in the alley.
4. Please only put the bin out on the same day as your regular trash pickup.
5. When you move, leave the recycling bin for the next homeowner.
6. If your collection day falls on a holiday, your waste and your recyclables will be picked up on the following day.
7. Always, have your recyclables on your curbside by 6:00 am.
